Brief about INW/IMW

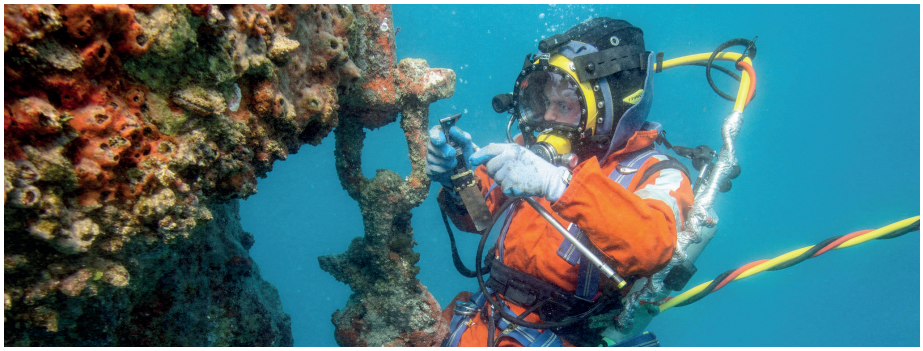

International Naval Works (INW) is a well-established leader in Egypt and the Middle East's Oil and Gas sector. Founded in 1977, INW is headquartered in Alexandria, with branches in Cairo, the UAE, Saudi Arabia, Qatar, and Kuwait.
In 2002, INW expanded its operations through the creation of its subsidiary, International Marine Works (IMW), established to serve Egypt's Oil and Gas industry under the Free Zone framework, allowing enhanced operational flexibility. IMW focuses exclusively on Egypt, while INW continues to provide services across Egypt and the wider Middle East region.

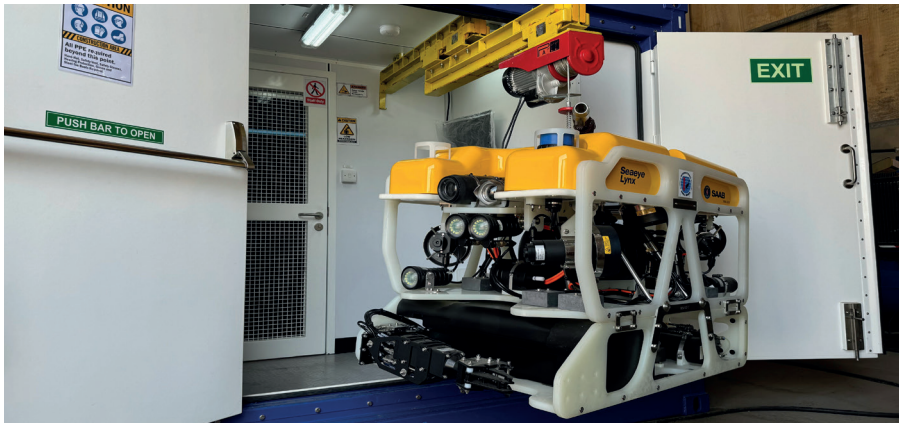

Delivering excellence beneath the surface and beyond, **INW/IMW** offers advanced Diving & ROV operations, Subsea Inspection and Maintenance, Offshore Construction Support, Marine services, and fully integrated solutions tailored to the Oil & Gas industry

Our Core Services

DIVING

- Civil Works
- Cutting & Welding
- Inspection
- Offshore and construction

ROV

- Seaeye Cougar
- Seaeye Tiger
- Seaeye Lynx
- Seaeye Falcon DR
- VideoRay Pro III XE GTO
- Fifsh V6 Expert
- Fifsh V6 Plus

NDT INSPECTION

- Plant Inspection.
- NDT Activities
- Painting & Coating
- Cathodic Protection
- Welding Inspection

ROPE ACCESS

- Asset Integrity Management
- Splash Zone Intervention
- Non Destructive Testing
- Inspection – Maintenance & Repair
- Rescue Services

MARINE

- M/V "INW-1" (Diving Support Vessel)
- M/V "INW-2" (Utility Support Vessel)
- M/V "INW-3" (FiFi-1,AHT,OSV "Well Testing Vessel")
- M/V "INW-4" (FiFi-1,AHT,SSRV)
- M/V "INW-5" (FiFi-1,AHT, Topside Maintenance)
- M/Vs "INW-6,7,8" Sister Vessels (Crew Boats)
- M/Vs "INW-9,11" Sister Vessels (Crew Boats)
- M/V "INW-10" (DP-2., FiFi-1,AHTS,Oil Recovery,R.O.V)
- M/V "INW-30" (DP-2., FiFi-1,AHTS)

DIVING

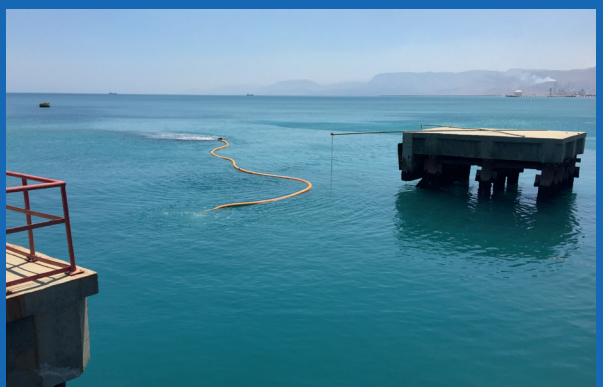

A major jewel in the company's crown, the Diving Division has been an integral part of the organization since its inception, proudly marking 50 years of proven experience and operational excellence. INW/IMW specializes in underwater inspection, maintenance, and construction, delivering reliable, high-quality solutions across a wide range of marine and offshore projects.

All diving personnel are fully trained on company-owned equipment and are thoroughly briefed on INW/IMW's Integrated Management Systems, ensuring strict control of operational risks and minimizing potential hazards throughout all diving activities.

INW/IMW is a member of the International Marine Contractors Association (IMCA), ensuring full compliance with the latest international safety standards and work procedures. Through IMCA's periodic meetings, safety flashes, and industry updates, INW/IMW remains aligned with global best practices.

Additionally, INW/IMW is also a member of the Association of Diving Contractors International (ADCI), further reinforcing its commitment to safety, quality, and operational excellence.

CIVIL WORKS

- Construction of Jetties.
- Construction of Sewer Out-Falls.
- Construction of Protective Barriers / Wave Breaker.
- Dredging in Canals and Harbors.
- Leveling of Seabed.
- Inspection of Concrete Structure.
- Inspection and Repair of Dams.
- Inspection, Maintenance and Construction of Water Intakes.
- Subsea Soil Investigation.
- Subsea Scour Prevention.

CUTTING & welding

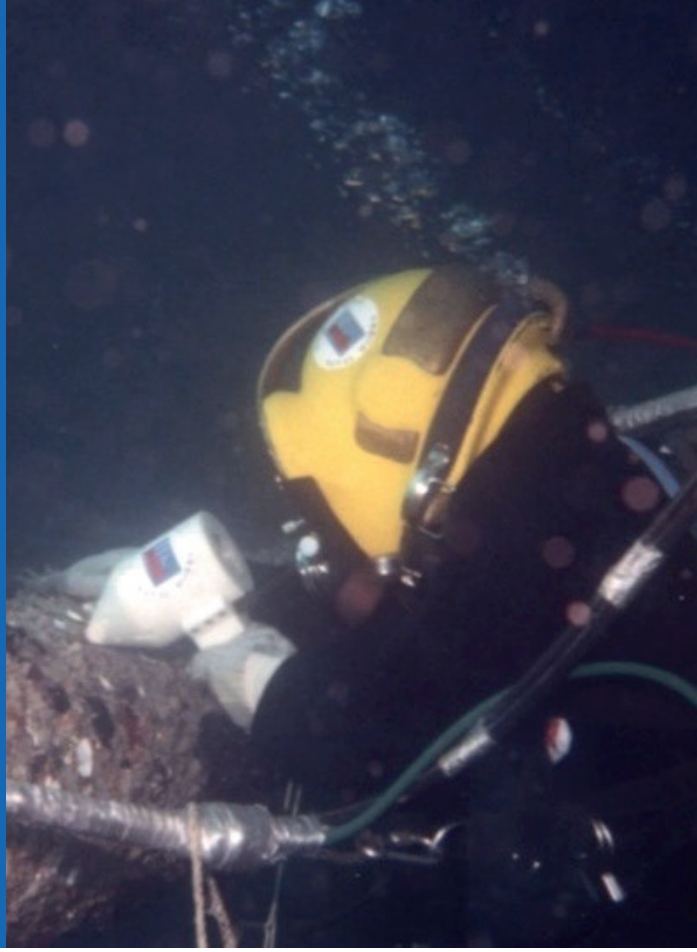

- Pipeline Tie-ins and Repair.
- Structural Repairs and Replacement of Members.
- Repairs to Floating Structures, Vessels and SBM.
- Wet Welding.

INSPECTION

- Inspection of Offshore Platforms.
- Inspection of Subsea Pipelines.
- Inspection of Offshore Drilling rigs in lieu of Dry Docking.
- In water Survey of Marine Vessels in lieu of Dry Docking.
- Inspection of S.P.M systems.
- General and Close Visual Inspection.
- Video Survey.
- Ultrasonic Thickness Inspection.
- Still Photography.
- Wall Thickness Gauging.
- Flooded Member Inspection.
- Cathodic Potential Protection Measurement.
- Scour Assessment.
- Magnetic Particle Inspection.
- Reporting.

OFFSHORE & CONSTRUCTION WORKS

- Repair and Maintenance of S.P.M Systems and Sea Berths.
- Installation of Riser Clamps and Mechanical Connectors.
- Repair of Submarine Pipelines.
- Installation of Pipeline Clamps.
- Subsea Pipe Laying.
- Subsea Cable Laying.
- Repair of Platforms.
- Support to Drilling Rigs.
- Air lifting.
- Replacement of Risers.
- Template Installation.
- Leg Penetration Check.
- Sea Bed Survey.
- Removal of Debris.
- Vessel Minor Repairs.
- Pipelines Preparation.
- Repairs of Offshore Structure, Boat Landing & Fenders.
- Reinstallation of Pipelines Anchoring / Stabilization Blocks.
- Cleaning Structures from Subsea Marine Growth.
- Anodes Installation & Replacement.
- Guiding of Conductors Installation .
- Grouting Services.
- Underwater Splash Zone Coating.

ROV

"Remote Operated Vehicles"

INW/IMW currently owns and operates a fleet of ROV systems, including :

- Seaeye Cougar
- Seaeye Tiger
- Seaeye Lynx
- Seaeye Falcon DR
- VideoRay Pro III XE GTO
- Fifsh V6 Expert
- Fifsh V6 Plus

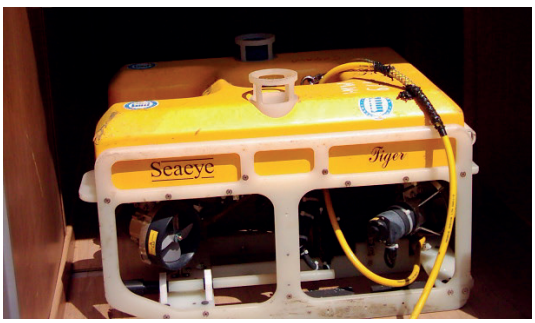

Our ROVs can be utilized in the following services:

- Inspection of Offshore Platforms.
- Inspection of Subsea Pipelines and Cables.
- Detection of Scour and Free Spans on Pipelines and Cables.
- Progressive Inspection of Pipelines and Cables during Laying.
- Assistance to Offshore Drilling Rigs during Rig Moves.
- Conducting Subsea Measurements like CP and UT .
- Internal Visual Inspection of Pipelines and Storage Tanks.

SEAEYE COUGAR

Length:	1506 mm	Depth Rating:	2000 msw
Width:	1000 mm	Forward Thrust:	100 kgf
Height:	745 mm	Lateral Thrust:	72 kgf
Weight:	335 kg	Vertical Thrust:	76 kgf
Payload:	80 kg	Forward Speed:	3 knots

SEAEYE TIGER

Length:	1030 mm	Depth Rating:	1000 msw
Width:	700 mm	Forward Thrust:	62 kgf
Height:	590 mm	Lateral Thrust:	43 kgf
Weight:	150 kg	Vertical Thrust:	22 kgf
Payload:	32 kg	Forward Speed:	3 knots

SEAEYE LYNX

Length:	1230 mm	Depth Rating:	1500 msw
Width:	815 mm	Forward Thrust:	66 Kgf
Height:	605 mm	Lateral Thrust:	47 Kgf
Weight:	200 Kg	Vertical Thrust:	43 Kgf
Payload:	34 Kg	Forward Speed:	>3 Knots

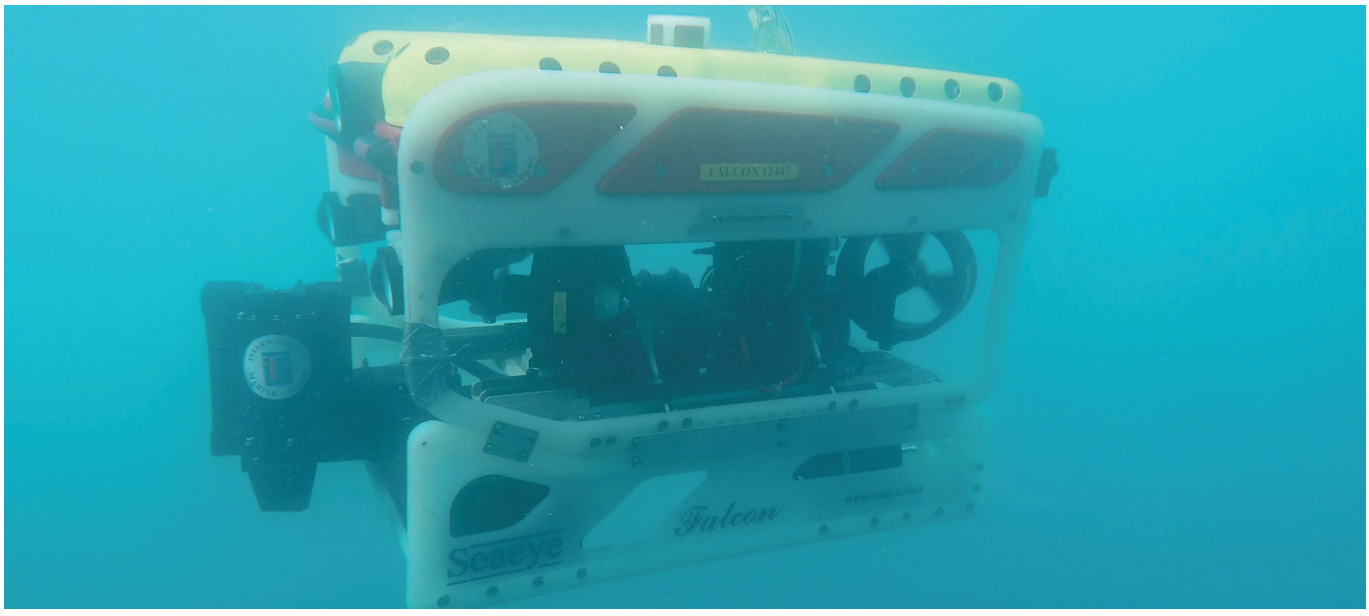

SEAEYE FALCON DR

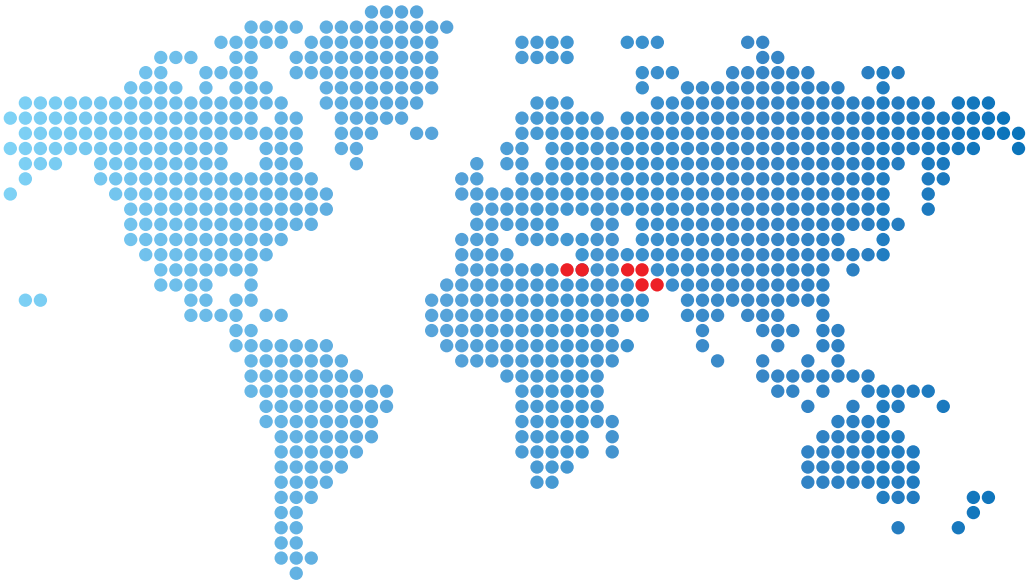

Length:	1055 mm	Depth Rating:	1000 msw
Width:	600 mm	Forward Thrust:	50 Kgf
Height:	635 mm	Lateral Thrust:	28 Kgf
Weight:	100 Kg	Vertical Thrust:	13 Kgf
Payload:	15 Kg	Forward Speed:	>3 Knots

VIDEORAY

Length:	368 mm	Depth Rating:	152 msw
Width:	216 mm	Weight:	4.5 kg
Height:	229 mm	Forward Speed:	4.1 knots
